

RICARDO PESTANA

FULLSTACK DEVELOPER

PAPERCLIP LEVEL OVER 9000

THE ALWAYS UPBEAT GUY WHO LOVES DIFFICULT CHALLENGES. STARTED BY WORKING IN SUPERMARKETS (3 OF THE MAJOR ONES), JUST TO REALIZE IT WAS A WASTE OF TIME AND MIND - SOME PEOPLE OFTEN SAY HE LOST SOME IQ POINTS WHILE CUTTING MEAT AND RE-STOCKING SHELVES.

WHEN IT COMES TO HIS LIFE, HE'S A STRONG BELIEVER THAT ANYTHING CAN BE FIXED WITH PAPERCLIPS

AFTER YEARS TRYING TO GET INTO THE PROGRAMMING WORLD, HE REALIZED HE NEEDED TO QUIT HIS JOB AND DEDICATE HIMSELF ENTIRELY TO LEARNING HOW TO CODE.

AND THAT'S WHEN HE FOUND <ACADEMIA DE CÓDIGO>, A 14-WEEK INTENSIVE && IMMERSIVE JAVA && JAVASCRIPT FULLSTACK CODING BOOTCAMP, WHERE HE LEARNED THAT IF IT WAS POSSIBLE TO THINK ABOUT IT, IT WAS POSSIBLE TO CREATE IT.
